2014 higher school certificate results

Brigidine College St Ives prides itself on providing a holistic education for girls combining the spiritual, academic, physical and cultural dimensions of learning.

Brigidine girls enjoy excellent academic results, a high level of achievement in the performing arts and sport, and a strong commitment to service. They are challenged to think and experience beyond their boundaries and have the courage to question their world.

Completion of the Higher School Certificate and of all the years of study leading up to Year 12 is the culmination of so many experiences and achievements. The College community congratulate all the girls from the Class of 2014.

“2014 was marked by exceptional individual results across the range of subjects offered in the curriculum. Girls are encouraged to pursue subjects they enjoy and in which they feel they have a talent. They are also encouraged to pursue rigorous courses if they have the ability. The breadth and depth of their achievement and the powerful contribution these choices have made to the girls’ ATARs is testament to the value of this approach.”
