“Congratulations to the Class of 2015. The results were excellent and we are very proud of all of our students. What these results reflect is the pathway we have chosen over the past few years to encourage girls to challenge themselves and engage in a more rigorous pattern of study that best aligns with their talents. A significant increase in the ATAR scores shows us that the girls are reaping the rewards of this challenge.

I extend my sincere thanks to our dedicated staff for their hard work and expertise in supporting the girls through their years at Brigidine.”

Jane Curran, Principal
2015 has continued the trend of exceptional individual results across all subjects. Our girls are encouraged to pursue subjects they enjoy and in which they feel they have a talent. They are also encouraged to pursue rigorous courses if they have the ability. The breadth and depth of their achievement and the powerful contribution these choices have made to the girls’ ATARs is testament to the value of this approach.

We inspire girls to value learning, to be true to themselves and to honour their spiritual heritage. We challenge young women to act in the world with strength and gentleness.
